Location:	Folsom, CA	Salary Range:	\$71,760-\$112,320 Annually DOE	Mail:	Attn: Human Resources R.E.Y. Engineers, Inc. 905 Sutter Street, Suite 200 Folsom, CA, 95630

FIRM DESCRIPTION

Founded in 1996, R.E.Y. has been delivering projects to enhance the quality of life for nearly 30 years. Headquartered in historic Folsom, with additional offices in Pleasanton, Oakland, and Palo Alto, CA, R.E.Y. has extensive private-sector and municipal experience. We have delivered a wide variety of community-oriented projects throughout California and as far away as Alaska and Australia. What sets us apart? It's our company culture, our commitment to quality, and our employees. We are dedicated to retaining and developing individuals of the highest quality. We promote an open and fun environment to work in, while maintaining our high standards for quality.

JOB DESCRIPTION

Under direction of a Principal or Senior Land Surveyor, this position will assist with the execution of work for our clients involved in the performance of precise land surveying services for land development projects. Will perform duties such as research, boundary resolution, post-processing GPS static surveys, site calibrations for RTK surveys, least squares adjustment of conventional field data, deeds and exhibits for right of way acquisitions, appraisal mapping, topographic mapping and records of surveys. This position ranges from entry- to mid-level and must have effective oral and written communication skills and the ability to manage and complete projects independently and or in small teams.

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Land Surveyor in Training (LSIT) Certificate or ability to obtain within six (6) months of hire

PREFERRED SKILLS

- Civil 3D and/or MicroStation CADD software, and Trimble Business Center proficiency
- Fundamental plane surveying principles, methods, equipment, materials and safety procedures
- Plane surveying computations, including computer applications and usage, familiar with and state plane coordinate systems
- Knowledgeable with construction plans pertaining to construction staking surveys
- Proficient in Microsoft Office software, including Excel and Word
- Ability to assist with boundary and easement determination and research
- Ability to assist in developing legal descriptions and exhibits
- Ability to assist with preparing concise, accurate technical survey reports and presentations
- Create neat and accurate computations and notes
- Provide responsive high-quality courteous service to clients, coworkers, representatives of outside agencies, consultants, contractors, and members of the public

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
